

# JORDAN – KEMPENEERS

## LINCENT ( B )

The retired police officer Daniel Jordan started racing pigeons 50 years ago. He was 12 years old and enjoyed already watching the pigeons of his father Pierre Jordan.

In 1971 young Daniel started racing pigeons independently. The unforgettable result for him was on the 9<sup>th</sup> of May 1971 : On the race of Laon, Daniel won 1° - 2° and 4°; his father won 3° and 5° !

In the summer of 1977, at the young age of 49 years, Daniel's father died.

Beginning 1978 Daniel decided to continue the sport.

Daniel Jordan moved to another place and then to another place again, but always he continued racing pigeons.

Now he retired and lives in a very nice quiet place called Lincent, direction of Liège and the German border.

Together with his wife he started under a new name **Jordan-Kempeneers**.

In the meantime he is doing very well on the races and he focussed on the purest **De Rauw – Sablon and Marcel Aelbrecht – blood**. On each picture of his pigeons, we can read the strain of father and mother ( see below ). Daniel Jordan also own a highclass-collection of **Van der Wegen and Jan Aarden** - pigeons. When we handled them, we were impressed by their high quality !

He is still very active and busy as Chief Editor of the pigeon magazine "La Vie Colombophile"; that's why he has so many contacts with pigeon fanciers, especially in the French speaking part of the country. For this magazine he is doing a great job !
