

LEON MESSIAEN

Grammene (Belgium)
East of Flanders

One of the Greatest Barcelona Champions.

**The basis and the Golden Breeding Pair
"Pau" B82-4422569 x
Perpignan II-hen" B84-4134639**

Leon started his pigeon career in the seventies; in that period he went buying pigeons at the loft of late **Gaby Deleersnijder living in a place called ZULTE, close to his place. This area has ever had several long distance top champions.**

There he bought the **"Barcelona 79" B75-4280780**, which became a famous breeder afterwards.

Very important was the input of the **Emiel Denys-pigeons**:

Leon Messiaen bought the **"Perpignan II-hen" B84-4134639**: she was a direct daughter of the famous "Perpignan-hen" B79-4338995, winner of 12th International Perpignan (900 km) and 2nd International in the hens-category.

This "Perpignan II-hen" was paired up to a cock called **"Pau" B82-4422569**, winner of 6th National Pau (900 km) in 1987. This golden pair "Pau" 569/82 x "Perpignan II-hen" 639/84 are the parents of a golden breeder which we find back in several pedigrees of Mr. Leon's best pigeons, namely the **"Pauson" B84-4116105**.

This **"Pauson" 105/84** was breeding champion birds, being paired up to different hens.

One of the hens paired up to him was the **"Tee-Pipo"** (she was a combination of the famous "Tee" of Emiel Denys and the "Pipo" of late Joseph Vandembroucke (founder of the worldfamous "Didi"-line which made Etienne Devos worldfamous, thanks to his "Kleine Didi" !!).

The pair "Pauson" x "Tee-Pipo" bred the **"Zwarten Barcelona" B92-4350054**, winner of 4 x Top on Barcelona in 4 consecutive years. In the strong long distance – club in a place called MEULEBEKE, in West of Flanders Province, the "Zwarten Barcelona" ("Black Barcelona") won 2^o - 7^o - 12^o and 13^o.

Same "Pauson", paired up to another hen called "Blauw VDB" (stands for "Blue Vandembroucke") B89/3089662, bred the **"Deserteur Barcelona" B94-4395950**, winner of 2^o prize Barcelona in the same strong club of Meulebeke, 10th in the West of Flanders Province, 29th National and 55th International against 24.908 pigeons; that was in the year 1997.

Back to the golden breeding hen **"Perpignan II-hen" 639/84** : Leon paired her up to another cock of same late Gaby Deleersnijder, called **"Blauwe Nestpender" B76-4690795** : this pair bred the **"Geschelpte Barcelona" (means "Chequered Barcelona" B86-4238087**, winner of 1^o Prize Barcelona in his club in 1990, 7th Provincial, 28th National and 84th International against 28.128 pigeons.

Leon has been very successful with the input of Emiel Denys-pigeons.

In 1996, Leon Messiaen went to an auction of Emiel Denys youngsters; he bough there a son of his famous **"Prins Barcelona" x "Daughter Pau"**.

This youngster got the name of **"Geschelpte Prins"** afterwards, ringnumber B02-3229808; this **"Geschelpte Prins" 808** became the father of **"Jonge Prins Barcelona" B03-4084930, 1st Provincial Barcelona in West of Flanders Province, 3rd National and 6th International against 25.815 pigeons.**

Same **"Geschelpte Prins" 808**, paired up to a pure **"Didi"-hen** from Joseph Vandenbroucke bred the **"Prins" Didibis" B00-4210839**, winner of 2nd Prize Barcelona in his club, 5th

Provincial West of Flanders, 35th National and 140th International against 22.887 pigeons. That was 2006. Same Barcelona – race, Mr. Leon also won the 442nd National with his 2nd nominated, which made him winning the “Barcelona Master Championship 2006”.

The system of nominated pigeons is very important in our Belgian pigeon sport. I will try to explain it in a few words :

When you go basketing your pigeons, you have to nominate your 1st and 2nd etc. nominated – pigeon.

Your 1st Nominated pigeon, is the pigeon of which you think it will arrive as first pigeon to your loft. Your second nominated pigeon is the pigeon of which you think it will arrive 2nd in your loft.

Of course there’s some luck involved in this game, but very exiting : if your 1st and 2nd nominated arrive as your first pigeons, or even between your first pigeons, you get 2 points; that’s how you can become 1st National Champion KBDB; in the National Long Distance Championship KBDB, you need to clock your 1st AND 2nd nominated pigeon on 3 different races; then we calculate the coefficient of your 1st and 2nd nominated pigeon, by the place x 100 devided by the number of pigeons in the race.

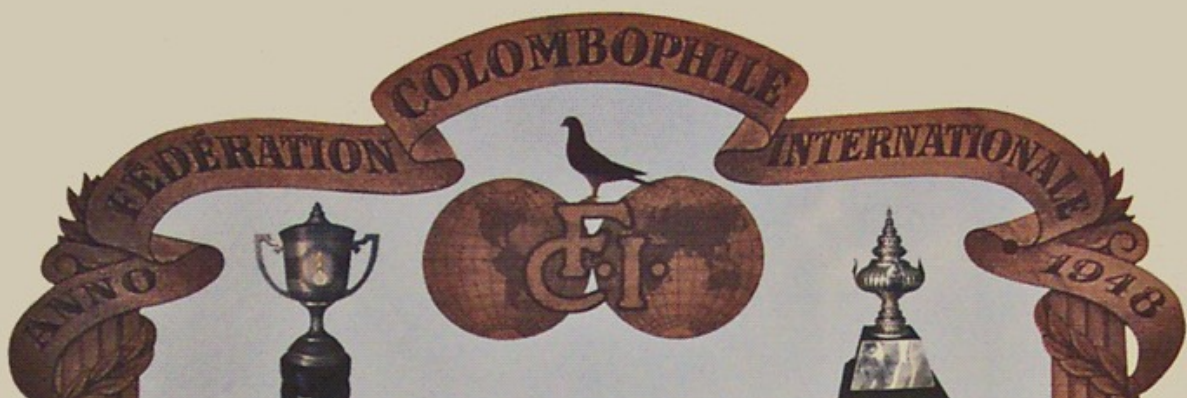

For the National Championship Extreme Long Distance KBDB, you need 1st and 2nd nominated on 2 races (you can choose Barcelona, Perpignan, Dax, Pau, ...) : of course it’s always better to clock your 1st and 2nd nominated pigeon on a race with a high number of participating pigeons... then your coefficient can be very low... In the National KBDB Championship middle distance, you need your 1st and 2nd nominated in 5 races ... !

More than 30 years top results on Barcelona !

Messiaen-pigeons: pigeons which are known for a very high level of endurance, pigeons which never give up, pigeons which are perfect for racing in countries with tough weather circumstances.

That's no commercial talking : that's a fact !

Good Luck !

Hans
