The loft of Norbert & Filip Norman ... "here has born a part of our National pigeon sport".

During so many years the championsloft of Norbert & Filip Norman stayed on top level constantly.

How many lofts from all over the world have been successful with their pigeons ?

2008 was a real top moment in their career by winning the One Million Dollar Race in South-Africa.

"Zorro" B94-3160128

This pigeon was a top champion first and after his racing career, he became one of the best breeders which has existed in our international pigeon sport.

He is winner of this unique record list :

1 st Cahors	/	197 pigeons	777 km
10th International Dax	/	6.491 pigeons	908 km
11 th National Limoges	/	16.584 pigeons	788 km
14 th National Cahors	/	11.090 pigeons	777 km

Tours Interprovincial 14th May 2011.

It is a fact : with a West to North-West wind, normally the area of the seaside where the lofts of Norman are situated have no chance to win a top position, because they are too much to the westside.

Moreover Norman lives very close to the sea, which means there is a strong wind all the time, a lot more than in the other parts of the country.

That meant a "double disadvantage" on that Interprovincial Tours-race of last weekend.

But ! The Norman-pigeons proved their exceptional qualities and **fighting spirit**, by winning 2nd and 3rd in the Province ... knocking against the wind, a hen **B10-3113047 "Fabienne"** arrived with full power, completely from the wrong direction, because of the strong North-Westwind. Everyone thought "no chance today" ... but once they knew the result, the conclusion was that this yearling hen had been achieving an incredible effort to arrive back home. For sure she had lost 5 minutes by following the advantaged pigeons, then she had to turn back on "the right road", and still 1st in the Club and 2nd Interprovincial .. waw !

But this hen is a real gold nugget :

On 23/04 she won a 7th position on a short distance race; one week before the big Tours-race, she won 1st Ablis (300 km) / 331 pigeons and 2nd / 800 pigeons.

Their club-result on this Tours-race was amazing :

1st - 2nd - 4th - 5th - 5th (2 pigeons in same second) - 8th - 9th - 10th - 11th - 14th - 16th.
That was the result in the yearlings category.

Together with the old birds, they made this result, against 422 pigeons in total : 1st - 2nd - 15th - 23rd - 23rd - 39th - 72nd - 77th - 78th - ...

On the same day they had another race out of Ablis (300 km) : 231 old birds in the race : 1st - 3rd - 7th - 19th - ...

Pedigree of the B10-3113047 "Fabienne"

The father is a German pigeon, **DV0210063-23**, from the top champion and good friend of the Norman Family, Mr. Günter Nies, gr.grandson of the worldfamous "Eurostar"

NL98-1126959, winner of :

1st / 9.909 pigeons

1st / 4.895 pigeons

1st / 2.449 pigeons

3rd / 16.404 pigeons

4th / 4.492 pigeons

This "Eurostar-blood" was crossed with the line of the "Kannibaal" from Van Dyck, 1st National Ace Pigeon KBDB and worldfamous golden breeder.

The mother of the "Fabienne" **047** is the **"Wonder Zhora" B08-3153001 (see picture)**, winning **6 x 1st** Prizes :

1st Ablis / 348 pigeons

1st Blois / 493 pigeons

1st Tours / 247 pigeons

1st Tours / 312 pigeons

She was 1st Provincial Ace Pigeon KBDB Great Middle Distance in the West of Flanders Province.

She is a daughter out of the miracle breeder "Zorro" 128/94 x Daughter "Mozes" (and see the inbred to the "Zorro" in this pedigree).

***The loft manager, Mr. Gilbert explained to me, since they started breeding "Zorro" x for example grandchild or gr.grandchild of "Zorro" x some other blood ... they only bred winners !
"Zorro" x "Zorro" !!!***

The day of our visit to this legendary championsloft Norbert and Filip Norman, the loft manager showed me the results achieved allready this year; in total 7 x 1st and a prize-percentage of over 80%.

Please take note that there is a rule of 1/3; that means when 300 pigeons are basketed, only 100 can be in the price-list.
So that means 33% ... and the Norman Loft reaches the level of 80% and more, pigeons which win a prize ... that's really the highest level we can imagine !
Congratulations.
