Van Kerckvoorde Jean-Paul
Haantjensstraat 17
9920 Lovendegem
09-372 98 44

In 1990, Jean-Paul bought some pigeons from another top fancier in his area, **Roger Meyvaert** : out of these pigeons he has bred his famous 'Bordeaux', a real topper which still can be found in many pedigrees.

In 1994 2 grandsons of the '**Wittenbuik**' from **Gaby Vandenabeele** were added to the breeding loft, from which Jean-Paul bred several top birds such as '**Streety**', winner of :
5° International Marseille 2003 / 20.721 pigeons.

In 1999, Jean-Paul went to the Gyselbrecht-Family to buy 2 grandsons of their 1° International Barcelona 1995.
The crossing with his own old strain was very successful.
As a result in 2002 he went to the auction of Wim Boonen, a branch of the

Gyselbrecht-Family: there he bought another 4 pigeons with Gyselbrecht blood in the veins. Amongst them the father of the **2° International Barcelona 2008** and his full sister, as well as the mother of 'Stranger', winner of :

Barcelona in 2009 : 487° National / 13.502 pigeons
Barcelona in 2010 : 389° National

In 2004 he went for 3 hens of Roger Schrauwens (Asse), **The Golden Wing Winner** 2003.

In 2005 Jean-Paul obtained 3 pigeons at the total auction of **Cock Cornelissen**, who was the owner of several **Cor de Heijde** pigeons, which are known for their exceptional qualities on long distance. On that auction Jean-Paul bought a cock with a direct pedigree of Cor de Heyde, a grandson of the "Perpignan"

In the mean time these pigeons have proved their qualities as top breeders, their children are winners of :

St. Vincent National	332	6.521 pigeons
Barcelona National	1244	13.502 pigeons
Barcelona National	1357	12.641 pigeons
Soustons National	22	8.443 pigeons
St. Vincent National	44	7.356 pigeons

Of course the real results will come from now on, because a long distance pigeon needs 3 – 4 years to be on top of his career.

Later Jean-Paul also bought a pigeon from **Wijnands & Son** (of full brother "**Late Simpson**", winner of 1° National Marseille x daughter Marseille 325).

The last few years Jean-Paul has been looking around for more **Cor de Heijde** pigeons because the crossings with the **Jules Ryckaert** and **Gyselbrecht** pigeons were so successful.

In January 2011 he became the proud owner of **7 direct Cor de Heijde pigeons**, amongst them 2 grandsons of the "**Klamper**", 1 grandson of the "**Perpignan**", 1 granddaughter of "**Monique-Leontien**", 1 grandson of "**Monique**", 1 hen from the "**Blauwe Dries**" and "**Nick**" - line and still another hen complete inbreeding towards the "**Klamper**"

Furthermore he owns another **10 direct Cor de Heijde pigeons**, such as:

779/05: bought in the winter of 2009. His first son immediately won the 2° regional of 327 pigeons, behind loftmate and 11° national of 8.443 pigeons. Descendant of the line 'Het Vlekje' and granddaughter 1° National Perpignan.

746/03: also bought in the winter of 2009.

The results of his first son on Soustons National 52° / 8.443 pigeons
The offspring of the other pigeons will be tried out in 2011.

As a result of an exchange with Dr. Carlo Gyselbrecht Jean-Paul obtained the following birds:

a daughter of 'Wesley' (directly W. Van Houten), winner of :

Brive 8° 6.029 pigeons

Brive 11° 1.248 pigeons

Barcelona 20° 8.042 pigeons

Dax 53° 3.228 pigeons

In this pedigree we also find back a daughter of "Euro Diamond" of Brockamp !!

a son of 'Superjaarling', winner of :

Marseille 69° 5.739 pigeons

Bordeaux 376° 5.605 pigeons

Bordeaux 51° 11.495 pigeons

In the meantime this cock has become the father of the 884/09, winner of

: Chateauroux National 274° 22.718 pigeons

Libourne National 345° 6.767 pigeons

a son of 'IL Briganti', winner of :

Dax National 7° 5.617 pigeons

Pau National 12° 2.772 pigeons

Dax National 21° 4.328 pigeons

In his golden breeding loft, Jean-Paul also has some important individual pigeons:

Chris Van der Velden : daughter of "Chico", winner of 7° National Dax x daughter of the famous "Witneus" of Wijnands & Son.

She is the result of inbreeding of the famous 'Blauwe Vanoppen'.

And there is still another cock obtained from Gebr. Bras, directly from the "Brassie" and "Chenoa" - line.

His best results :

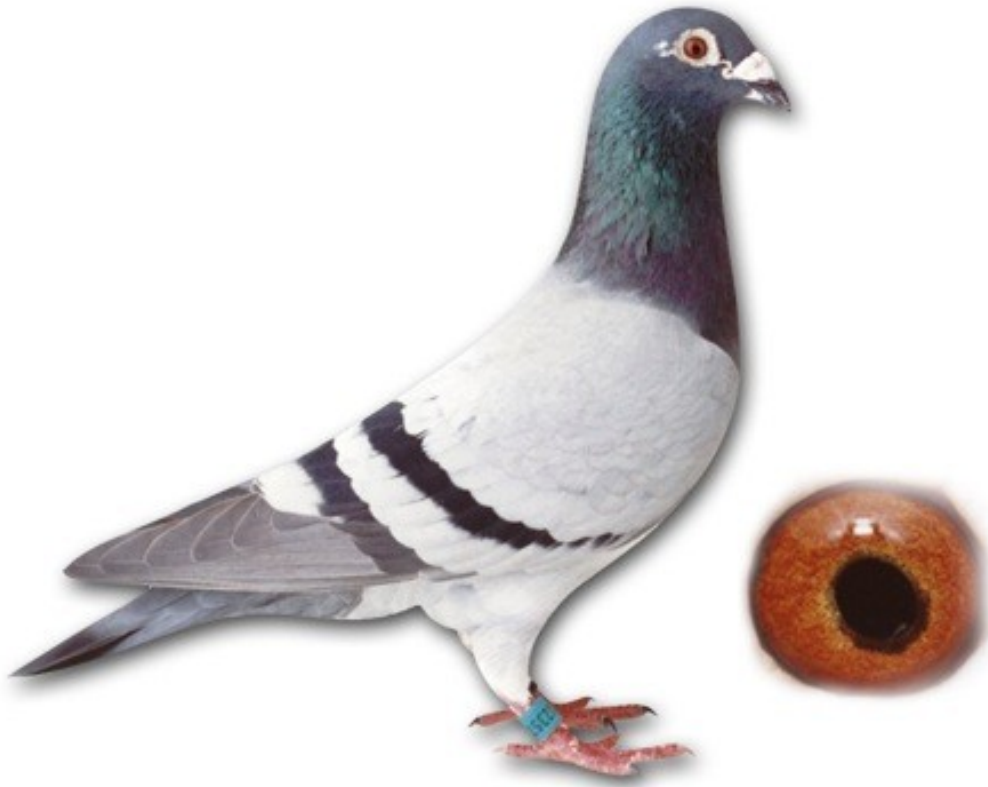

General Champion Euro Diamond 2003.

3° General National Champion KBDB 2005.

2° International Barcelona	2008	23.695 pigeons
3° International St.-Vincent	2006	5.396 pigeons
